What Fuzzled The Delegate.

A man who went away from home some time ago to attend the convention of Church people, was struck with the beauty of the little town in which it was beld. He had ing about walked into the village cemetery. It was a beautiful place, and the delegate walked around among the graves. largement of the big DeLamar mill at Mercur were yesterday approved by the owner of the plant, and in the next few hours work upon the extensions will have commenced and carried out as already indicated in The Tribune. With the extension of about 160 feet on each end of the tier on which the tanks are located, the whole will be about 600 feet between walls. This will contain, with the addition of the new tanks, a total of twenty-two, capable of holding 5000 tons. The work will be prosecuted with all possible dispatch.

through private enterprise.

Vice-President H. B. Maxson of Reno, has made arrangements whereby he can get Nevada exhibits, shipped from any point in the State along the line of the C. P. R. R. to Omaha and return, and he requests all persons who wish the interests of the State advertised, to co-operate with the Exposition County Commissioner of his county, whose name is shown above, and prepare some product of his county and send it to the nearest point on the C. P. R. R. from which place it will be sent to Omaha and exhibited, and returned to the same point at the close of the exposition, free of expense to the exhibitor. Full information should accompany everything sent for exhibition. Before sending anything to the line of the railroad a full description should be given to the Exposition Commissioner of the county, who in turn will notify the Vice-President, who will notify him what action to take, otherwise there might be many duplications. Apply to your County Representative for further information, and don't let this opportunity of advertising the resources of Nevada be lost.
